**Subject: ExportNation.com helping companies generate 100% Free Trade Leads**

Dear Sir/Madam,

Earlier this year, we announced that a completely redesigned **100% FREE B2B Export-Import Marketplace** is on its way, full of advanced, easy-to-use features that will help companies better connect with ExportNation's vast and valuable audience. We wanted to take a moment to provide you with an update on the availability of the new ExportNation's B2B Trade Leads Section.

ExportNation is a next generation Vertical Portal focused primarily on export-import business and the international trading. It represents structured and organized web properties, human edited and controlled content. **ExportNation includes B2B Trade Leads Marketplace, Trade Forums, and a Portal/Directory.**

ExportNation is quickly becoming one of the worlds preferred and most visited business oriented web properties currently available on the internet fully dedicated to export import business.

Aimed to connect and help companies worldwide in their efforts to conduct export import business, ExportNation.com puts extra efforts to enhance its position as a leading Export/Import portal dedicated to small and mid size enterprises finding markets for their products and services over today's highly competitive global business environment.

We have begun inviting companies to add their profile to the ExportNation Trade Leads Marketplace. It's is completely FREE. Our business model strongly believes that companies should not have to pay to find a buyer or seller.

We hope companies would be as excited about the new Free Trade Leads Marketplace as we are. Bringing this powerful new marketing platform to the companies is just the first step towards helping them better connecting to the buyers and sellers.

We are trying to connect to all the companies listed under your organization. **So please pass on this information to any/all companies to add their profile at ExportNation B2B Trade Leads Marketplace. It's Free.** At ExportNation's Marketplace, companies can create their profile and add product catalogs. They can find all the details by visiting at <http://www.exportnation.com/trade>

Sincerely,

Vice President's Office
